IN PURPOSE

IN RECOGNITION OF
OUR GENEROUS DONORS

Greetings,

As we take time to reflect, we are filled with joy and gratitude. You, along with hundreds of alumni and friends of Clarke University have made an incredible impact through your generous gifts. From scholarships and faculty support to research initiatives, mission experiences, capital improvements, and operational support, your contributions have established a positive foundation that will be felt by our students and community for years to come.

These efforts expand upon the legacy of the Sisters of Charity of the Blessed Virgin Mary. Ever since five Catholic sisters arrived in Dubuque with little more than a piano and a vision, Clarke University has been steadfast in our Core Values and commitment to the common good. That powerful connection remains strong, as evidenced by the BVM Sisters making a \$6 million gift to our United in Purpose campaign. This gift is a testament to our shared history with the BVMs, as well as a beacon for a bright future thanks to their advocacy and support.

Just as we have for nearly two centuries, Clarke University will continue to change lives through the advancement of our Core Values of Freedom, Education, Charity, and Justice. This important work would not be possible without the BVMs, along with all the members, past and present, of our Clarke community. We are delighted to share our gratitude through this commemorative honor roll of donors. It is an honor to celebrate all that we have accomplished with those who have made it possible.

Thank you again for all that you do!

Gratefully,

Fletcher Lamkin, Ph.D.
