

HEERF III/ARP Electronic Consent to Apply to Student Accounts Balance

Login to [CUHub](#)

Click on your username, then click on "Required Agreements" from the drop down.

This will take you to the agreements page where you can view the agreement and either Accept or Decline.

Selecting Accept gives Clarke University permission to apply the HEERF III/ARP grant to your student account balance to cover existing charges, thus avoiding any past due balance holds that could negatively impact your ability to enroll for future semesters. Any overpayment of your balance would be refunded to you as normal. We highly encourage you to enroll in [direct deposit](#) via myinfo for timely receipt of any overpayment. Our user guide is [here](#).

If you choose not to grant permission to use these funds toward your balance, you will receive the entire balance of your HEERF III funding in the form of a refund. The refund will need to be used for educational expenses such as tuition, food, books, housing, health care, child care, or other expenses related to the ongoing COVID-19 national emergency.

More information on HEERF III funding can also be found on our [website](#).

Please contact the [Student Accounts](#) or [Financial Aid](#) Office with any additional questions regarding HEERF III Funds.
